Volume 4, Issue 1

June, 2021

From Principal's Desk

'True Education makes for inequality; the inequality of individuality; the inequality of success, the glorious inequality of talent, of genius.'

-Felix Schelling

Students actively use their imaginations to go beyond their knowledge. Nurturing creativity and talent is a part and parcel of our school. The world is forever changing and we never encounter the same world twice.

The year 2020-21 saw the advent of Covid -19 Pandemic with its critical and fatal impacts. Amongst many adversities faced with the closure of schools and lockdown, the school took up the task and extra initiative on making solid plans to ensure the continuity of learning, including remote learning options such as online education.

Though we could not conduct as many activities as in physical classrooms, yet we did not retire from our concerted efforts. Our entire team of teachers, with everyone's support, constantly engaged children in various classroom activities. A glimpse of those various activities and events conducted on the virtual mode were highlighted in our Newsletter-2020-21.

Student's and undeniably the Parents efforts and participation was highly commendable.

Everything moves and at all times with the universe in such a state of flux, we are all in a constant state of transformation. Hence one cannot escape being creative. There's creativity inherent in all our activities. Now, I hope, that our first edition of the newsletter for the academic year 2021-22, amongst all the crisis and adversities would bring out the best in our students with expanded participation.

As we have provisioned for a Parents Corner, I welcome all the parents to participate in making the newsletter more creative and interesting.

I request all the parents and students to visit our facebook page regularly as many of the student's activities and their work is posted on the same.

KLE Nagarbhavi is our facebook page.

Wish you all a happy and delighted reading.

Inspirational Short Story

Everyone Has a Story in Life

A 24 year old boy looking out from the train's window shouted...

"Dad, look, the trees are going behind!"

Dad smiled and a young couple sitting nearby looked at the 24 year old's childish behaviour with pity, suddenly he again exclaimed...

"Dad, look, the clouds are running with us!"

The couple couldn't resist and said to the old man...

"Why don't you take your son to a good doctor?" The old man smiled and said..."I did and we are just coming from the hospital, my son was blind from birth, he just got his eyes today."

Every single person on the planet has a story. Don't judge people before you truly know them. The truth might surprise you.

DAAN UTSAV

"We make a living by what we get, but we make a life by what we give".

The knowledge that you're helping others is highly empowering and in turn can make you feel happier and more fulfilled. Giving the needy is a supreme virtue and a great channel through which the mercy of God is passed onto mankind.

Due to the pandemic the NGOs that we have been associated with, have been receiving very little help from their patrons. There are around 400 children under their care near Bannerghatta.

We urged our student and parent community to contribute and help these lesser privileged children. The response has been indeed overwhelming . We have received Rs. 2.00 lakhs worth of groceries.

It makes me proud to mention that alumni like Prem, Prajwal MK, Akshay Kumarswamy, Ved P D contributed generously. Thanks boys

We would earnestly like to thank our students and parents, and let them know that through their act of generosity, the lives of the less privileged children have improved, helping them to lead a self-sustaining life. We believe that life has meaning only when we are contributing.

Thank you so much for your generosity!

WORLD ENVIRONMENT DAY

The pandemic has highlighted the need for flexibility and more time for student teacher interaction. This global crisis has also been an extraordinary time for learning. To keep up the zeal for learning the science faculty at our school has seized the opportunity to find new ways to address the learning crisis by adopting new ways to celebrate the World Environment Day on 5th June , 2021.

Teachers have always been in the forefront to sensitize students regarding the environmental issues through their formal as well as informal approach/interaction with students.

Plants can live without us (humans), but we can't live without plants.

The World Environment Day was celebrated with vigour amidst the lockdown. Students enthusiastically participated in activities endorsing conservation of environment, from their homes. It was celebrated through an e-class. On this occasion, students took part in many online activities like increased interaction, focus on specific topics like importance of environment, importance of recycling, making birdfeeders, conservation of ecosystem, sowing seeds & plantation etc.,

The children of grade 1-10 actively participated in the above interactions and understood the need to conserve our ecosystem. They have come out with a lot of colourful collage work, videos, ppts, craftwork which exhibits their enthusiasm.

They made eco-friendly bags, posters and wrote slogans on the theme 'Save Environment'. They also planted saplings at their homes.

These activities were organised to sensitise them to the issues of climate change, deterioration of natural resources, etc. The activities helped the children hone their creative skills with the teacher's support at all times.

INTERNATIONAL YOGA DAY

K L E SOCIETY'S SCHOOL, NAGARBHAVI, BENGALURU-72

The 7th International Yoga Day was celebrated on 21st June, 2021 by the students, parents and teachers of KLE Society's School, Nagarbhavi, with great enthusiasm. All the students from Grade 1 to 10 celebrated the International Yoga Day virtually because of the COVID-19 pandemic. Students and parents were ready with their yoga mats as instructed earlier by the teachers.

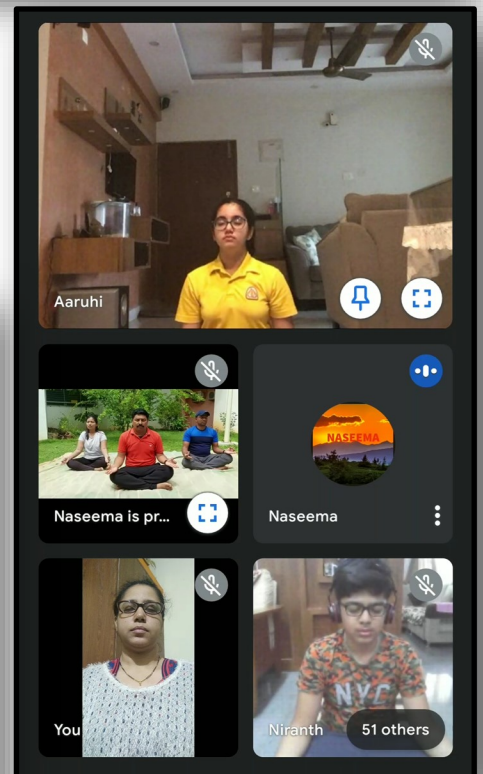

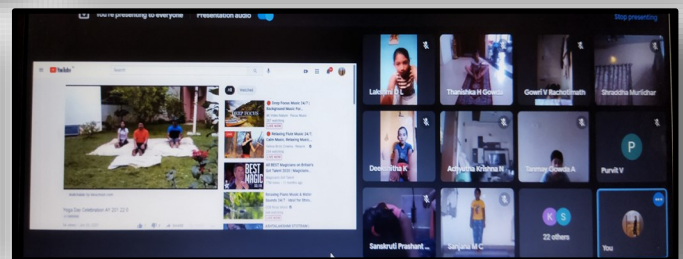

A Youtube video shot in the serene environment of the school by Mrs.Niti along with our P.T. Teachers- Mr. Raghavendra, Mr. Manjunath and our dance teacher Mrs. Pradnya Malagatti as participants, was streamed in Google classrooms by the teachers. One of our diligent students of Grade 10, Ms. Vidhi Prasad Dongaonkar kicked off the celebration by giving an eloquent speech about the International Yoga Day, emphasizing on the importance of celebrating it and the benefits of yoga to the body and mind. This was followed by a melodious recitation of a divine shloka by one of our cheerful students of Grade 10, Ms. Manushree S. Babu.

The engrossing yoga asanas included warm up exercises, Surya Namaskaram, Pranayamas, and meditation which were displayed step-by-step by the trainers and the students found them interesting and easy to follow. All the students as well as the parents were excited and energetic throughout the session. All of us celebrated the day with a lot of eagerness and joy.

STUDENTS ACHIEVEMENT

ACHIEVEMENT

Most things in life are pretty simple, but they are usually not easy. It demands hard work.

Student achievement measures the amount of Curricular and co- curricular content a student learns in a determined amount of time. It refers to the extent to which a student has attained their short or long term goal. A student who is self-motivated always energizes and directs his behaviour towards achieving success. The more a student achieves, he/she can build confidence and increase his/her self-esteem and surely improve in their own areas of learning.

Here are some of the certificates of the student achievers of our school from various grades who has shown a splendid performance in their own areas of learning.

WEBS

Spirals in my mind
webs everywhere.

Filled with dust
filled with despair.

Every effort ends in sorrow
I climb and fall down
Yet I struggle...
like there's no tomorrow.

What do I do, where do I look
for every time I climb
I keep falling in the loop.

Should I seek help?
Or is there a way out?
What if help never comes
even though I shout.

I sit still and think
for I am here to win.
I dust myself and stand up
clear my head and reconstruct.

When I try to see through,
I see a ray of sparkling sun.
A light of hope...
giving my world a beautiful spun.

Tears dry up and eyes glitter
My heart with joy leaps
The web fades away
and my journey begins

EVERY DAY IS A NEW BEGINNING

When things go wrong
Have a smile on your face

Pitfalls occur
But have the courage to face

Take a deep breath
And start again

When u lose your opportunity
Give yourself a second opportunity

When you take strain
You indirectly are letting everything in vein

All your mistakes will lead you in a new way
Try to correct it, learn from it and promise yourself
you never will repeat it

Every night thank God for giving one more precious
day
to your precious life
Life is short

Every end has a new beginning
And every beginning also has an end as
EVERY DAY IS A NEW BEGINNING

THE CHARMING PLANT

I'm a tiny, fat brown seed
Who is buried in thick brown sand.
When I grow, I open into a seedling
And as I grow gradually, I become a plant.

I need to be taken care of really well
And only then will I turn into a big fat tree.
With lots of power and strength, I grow
I will have duties to do.
To give fruits and prepare for my tree family.

Gradually one day, I will grow old and weak
I helped so many humans, till I could
Until one fine day, I die.

Hard Times

People are in sorrow
People are depressed
People are hopeless
People are upset
No one can say when hard times come

The sorrowness becomes their mistake
The depression becomes a wrong action
Being hopeless gives no solution
Then why are all upset?

Then comes the courage
Then comes the hope
Then comes the realization
Sorrowness has no meaning to be
Neither it's a way to solve a problem

It's simple to understand
Hard times are just the exams of life.

HOW TO PURSUE YOUR DREAM CAREER?

Every person will have a dream and desire about his/her future. Selecting a career is the most important decision in a person's life. People's dreams can come in any form, commonly what they want to be when they grow up. There are hundreds, thousands and even millions of careers you can choose from. From simple ones to the more complicated ones. People are even confused because they'll have a lot of forms to choose from. By the age of 14, almost everyone will have a mindset about their career. Some dream to become a doctor and some pilot, some to become an athlete and some an IAS officer. Some want to get famous whereas some want to help the public. Nowadays people are forgetting human values themselves; first of all, we should keep in mind good human values. As the saying goes, "If you can dream it, you can do it", no work on the earth is neither easy nor impossible. But the actual thing is how we pursue it. As per me, we should have goals that should never change. No famous personalities came up without difficulties. Remember, "The more pain, the more you gain." We should build in ourselves the courage to face the obstacles that might make us fall. You should be the owner of your thoughts, fears, doubts and mind and should never let yourself lose confidence. You must always keep boosting yourself. Training yourself to stay optimistic is one of the greatest steps one could follow. We must never be pessimistic. We must not let anyone influence our minds in a bad way. Listening to the words or speeches of our idols or role models can also play a very big role in shaping our minds. As per a few successful people, completely dedicating yourself to your ambition is very important. They think we should never keep our ambition as one of our options but as the only option. We must be the pride of India in the future. We must keep great goals, work on them and make everyone proud.

The story of a free coconut

Once, a miserable man went to buy a coconut. The coconut seller asked ten rupees for one coconut. The miser said, "I'll pay you five rupees." The coconut seller replied, "If you want a coconut for five rupees, go to the wholesale market, there you will get a coconut for five rupees."

The miser walked to the wholesale market. He picked one coconut and asked the seller to give it to him for three rupees. The seller replied, "If you want a coconut for three rupees, just walk three kilometres to the beachside and there you will find a coconut for three rupees."

The miser went to the beachside. There he asked the seller to give it to him for one rupee. The seller replied, "How should I make profit if I sell it to you for one rupee, you can get a coconut for free if you climb the coconut tree here. But, do it at your risk." The miser climbed the tree but fell from the tree and had to spend more than a lakh for treatment all for a free coconut!

Tic Tak too And Jennifer

Once upon a time, There lived a boy called Tic Tak Too and Girl called Jennifer . Tic Tak Too was a very lazy boy and did not do any work and was harsh and rude to the people . But Jennifer was a very humble little girl. She was working hard and was polite to the people. One day ,While Jennifer was working she saw a boy fighting with an innocent little girl . Jennifer ran to see what was happening . And she politely asked the girl what was the problem. The girl said “ Dear sister, this boy pushed me in the mud and I have got a wound on my leg and I am not able to walk . If I ask him to help me, he’s saying “Go you ugly little monster I Don’t like to touch such dirty things .”And teasing me ” and the little girl started to cry . Jennifer kindly helped the little girl and then she said to Tic Tak Too “ You should never say such bad words and behave in such a bad manner to anyone. You should always help them and be polite towards them . ” But Tic Tak Too didn’t care and went away .

Few weeks later , Tic Tak Too was playing a prank on Jennifer where Jennifer was happily running . He tied rope to the nearby tree due to which Jennifer fell and broke her elbow . Seeing this Tic Tak Too was happy and laughing . But poor Jennifer said “ I told you Tic Tak Too not to do such bad things didn’t I? If you do this, no one would bother about you when you are in trouble . ” But this time also he did the same . After two to three days , Tic Tak Too was chased by a dog, watching it, everyone in the village were happily laughing . The little girl whom he had teased when she was in need of help, even she too was happily laughing. Tic Tak Too was shouting “ Help me someone PLEASE HELP ME !!!”. Right at that time Jennifer arrived . She called out the dog and fed him some dog biscuits . Tic Tak Too felt ashamed of himself because of his cruel behaviour. He said to Jennifer“ I am so sorry Jennifer for my behaviour . Please forgive me !! ”. Jennifer kindly said " Sure Tic Tak Too . But please be a good boy from now on . And would you like to be my best friend?”. Tic Tak Too said “ Of course we can be. ”

And They lived Happily ever after

Humming Bird

O mystical creature
Cherish me with your presence as a glittering
With your soft delicate wings fluttering
Come towards me floating in mid air

Bless me with your angelic presence
For your sighting is rare hence
The nature is in need of you
The nectar producing flowers without you
Might perhaps become extinct without your pollination

You are a true divine creature
Possessed with nature born allure
With your flight backwards and upside-down
With slender beak and tube like tongue you are
born
Enabling you to enjoy the sweet nectar of brightly coloured flowers

O exotic bird
Nature has colored you with attractive colors
Painting you iridescent ruby throated, emerald green ,optimistic
orange spending hours
You are a little piece straight from the heaven
The cloudy forests of tropical mountains will be
your haven. Approach me for i shall provide you
with the finest nectar of Perennials

Columbines, Lupins, Daylilies and Geraniums Ā
Sadly there are a little more than 300 of you left
Come to me as it will do you the best
You are just 3 to 4 inches long
You are the smallest migrating bird traveling along

I stare beyond the skies
Just to have your exquisite sight
Arrive as fast as you can with your flight hectic

For your absence can make me nebulochaotic
Sing me something mellifluous
As I shall be delighted continues
You are the elixir to my broken heart
You bear resemblance to raspberry tart
You are as beautiful as aurora
Your sight is simply Sonora

The inside of me is calling you aloud
As I wait for your arrival
Grace me with your glory
As my destiny depends upon your story.

(In this poem the nature is calling the hummingbird)

Roses Are Red

Roses are red, violets are blue,
You'll be there, you said, but
now you're gone too.

Said that you love me, was it all
fake?

Maybe it was, tell me, what did
you take?

I never did know, why you were
with me,

Maybe to spite me, now I can
see.

All the money spent on me, a
waste,

Now that you're gone, I'll give
you a taste,

Of how it feels to be me now,
I'm gonna punch your face, give
it a pow.

Maybe even a slap or a wham,
Make your friends all go- "Wow,
what a BAM!"

Oh, roses are red, violets are blue,
Oh, I lie here, thinking about you.

They say, love is nothing but a
game,

The victim in it always takes the
blame.

Things between us will never be
the same,

"Ugh, what a waste!", you even
tried to claim.

Everyone knows I was the one to
be played,

By you, in the future, I'm gonna be
paid.

Hate me or love me, doesn't
matter to me,

Later, with me, isn't the place to
be.

Sweet as sugar, cold as ice,

Hurt me once, I'll kill you twice.

Roses are red, baby, violets are
blue,

All that they say about love is
true.

SCHOOL

School I miss you

I began thinking when again I will walk
into you

Here all our friends we will meet
together in the canteen we will sit to eat

To learn new things , yes , that is what

Every new year , than the last year you
teachers will teach us more

School is the best part of my day
but I still wish it will go back to the
normal way.

ಬಣ್ಣ

ಎಲ್ಲೆಡೆ ಜಗದಲಿ ಬಣ್ಣವೇ ಬಣ್ಣ
ಅಲ್ಲಿಯೂ ಇಲ್ಲಿಯೂ ಬಣ್ಣವೇ ಬಣ್ಣ
ಕಣ್ಣು ತೆರೆದರೆ ಕಾಣುವುದು ಬಣ್ಣ
ಅಲ್ಲಿಯೂ ಇಲ್ಲಿಯೂ ಬಣ್ಣವೇ ಬಣ್ಣ

ಕೆಂಪು ಕೇಸರಿ ಹಳದಿ ಹಸಿರು
ನೀಲಿ ನೇರಳೆ ಗುಲಾಬಿ ಕಂದು
ಬಿಳಿ ಚಿನ್ನ ಕಪ್ಪು ರಜತ
ವಿವಿಧ ತರಹದ ಬಣ್ಣಗಳು

ಭೂಮಿಯ ಮಣ್ಣು ಕಂದು ಬಣ್ಣ
ಆಕಾಶ ಗಾಢನೀಲ ವರ್ಣ
ಮರದ ಎಲೆಗಳು ಹಸಿರು ಬಣ್ಣ
ಸೂರ್ಯನ ಬಣ್ಣ ಅರಿಶಿನ ವರ್ಣ

ಜಗದಲಿ ಬಣ್ಣಗಳು ಇಲದಿದ್ದರೆ
ಪ್ರಪಂಚವೇ ಬಣ್ಣ ರಹಿತವಾದರೆ
ಬದುಕೇ ನಿರಾಸೆ ಆಗುತ್ತಿತ್ತು
ಹಾಗಾಗಿ ಬಣ್ಣ ಬಹಳ ಮುಖ್ಯ

ಕೋವಿಡ್ ಕವಿತೆ

ಸಾಕು ಹೋಗಿಬಿಡು ಕೋವಿಡ್ ೧೯.

ನಿನ್ನಿಂದ ತುಂಬಾ... ಸಂಕಷ್ಟ
ಅನುಭವಿಸುತ್ತಿದೆ ಈ ಜಗತ್ತು.

ಇತಿಹಾಸದ ಪುಟಗಳಲ್ಲಿ ಅಜ್ಞತೆಯದೆ
ಉಳಿದುಬಿಟ್ಟಿ ನೀ...ನಿವತ್ತು.

ನರ ಮಾನವರ ಮನಸ್ಸಿನಲ್ಲಿ
ನಿನ್ನ ನೆನಪುಗಳು
ಮರುಕಳಿಸದಿರಲಿ ಯಾವತ್ತೂ...

ತುಂಬಾ ಪಾಠ ಕಲಿಸಿದೆ
ಈ ವರ್ಷದುದ್ದಕ್ಕೂ...

ಉಳ್ಳವರ ಹುಟ್ಟಡಗಿಸಿದೆ,
ಹಸಿದವರ ದಾಹ ನೀಗದಾದೆ...

ಇನ್ನೆಂದೆಂದೂ ಸುಳಿಯದಿರಲಿ
ನಿನ್ನ ಸೋಂಕು...

ಮಾಡದಿರು ನೀನೆಂದೆಂದೂ
ಮನುಷ್ಯರನ್ನು ಮಂಕು.

ತಂದಿದೆ ನಿನಗಾಗಿ ಚುಚ್ಚುಮದ್ದು

ಕೊನೆಯಾಗಲಿ ನಿನ್ನ ಅಟ್ಟಹಾಸ ಇವತ್ತು.
ಸುಳಿಯದಿರಲಿ ನಿನ್ನಿಂದ
ಈ ಜಗತ್ತಿಗೆ ಇನ್ನೆಂದೂ... ಆಪತ್ತು.
