## INSPIRATIONAL STORY

### Stop wasting your time complaining

“People visited a wise man complaining about the same problems over and over again. One day, he decided to tell them a joke and they all roared with laughter.

After a few minutes, he told them the same joke and only a few of them smiled.

Then he told the same joke for the third time, but no one laughed or smiled anymore.

The wise man smiled and said: ‘You can’t laugh at the same joke over and over again. So why are you always crying about the same problem?’”

# English Elocution Activity

Elocution is the art of speech and art of conveying message to the people. It is the one which allows you to share your views on certain topics to the group of people. The objective of this activity was to make the children more expressive, confident and spontaneous in their way of speaking. This is done annually, in an attempt to promote English speaking skills, in terms of pronunciation, delivery, and voice modulation, and to acquire mastery in English in its spoken form. It stems from the idea that while communication is symbolic, sounds are final and compelling.

The topics were chosen carefully, to help students research and add their own thoughts to make the speech effective and powerful. We could efficiently involve students in this activity though in a blended form to catch up their interest and bring out the best from the students.

# English Elocution Activity

# EVENTS

To help students understand offbeat career options we are planning to have a row of industry experts to speak to our students.

In continuation of the same KLE Society's School Nagarbhavi invited Mr . Sathish V ( Researcher ,Antique jewellery) Designer with a leading jewellery outlet in Bengaluru on Saturday 24/7/2021.

Dikshitha Yathisha and Anagha A Nagarhalli from Gr 10 welcomed Mr . Sathish V ( Researcher , Antique jewellery) Designer Guest and teachers as well as students.

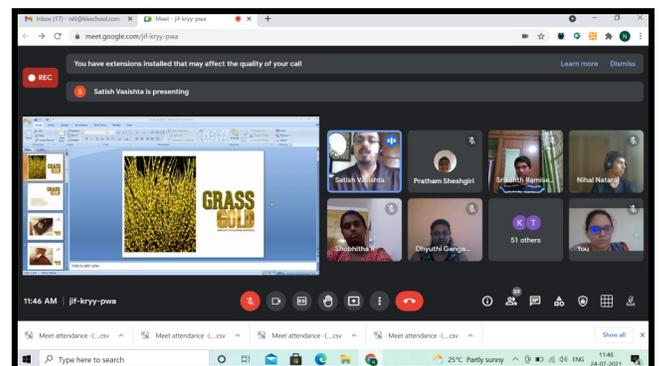

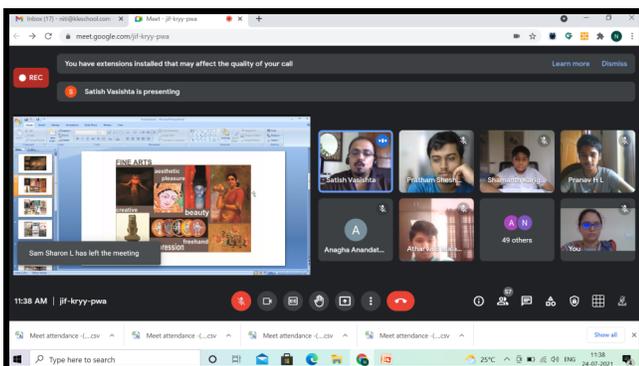

Over 116 students took part in the webinar, which discussed the various issues pertaining to careers in Jewellery designing, fashion and fine arts.

Mr. Sathish mentioned that Jewellery Designing is a very rewarding career option for anyone entering the world of designing. An individual who has a good sense of fashion and accessories, as well as pays great attention to detail is an ideal candidate for a career in jewellery designing. Jewellery is a type of accessory that individuals have used to adorn their bodies for decades. Jewellery designers may work with boutiques, retail chains, or jewellery manufacturers, where they put their expertise to practice and create new and unique designs. Having gained ample experience in this field, many jewellery designers go on to work independently, either freelancing or launching their own brands and collections of designer jewellery.

He also gave a brief introduction about his research in this field.

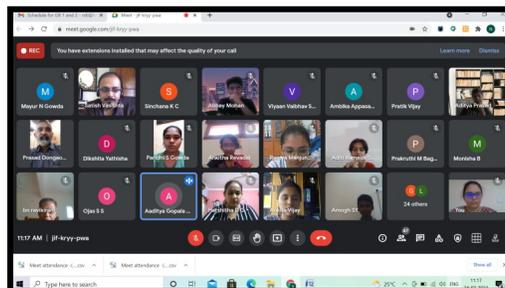

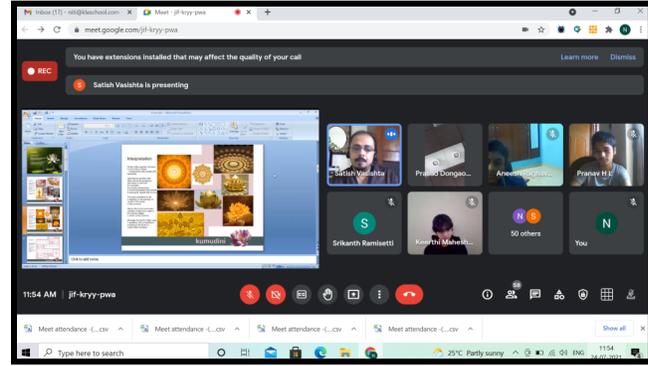

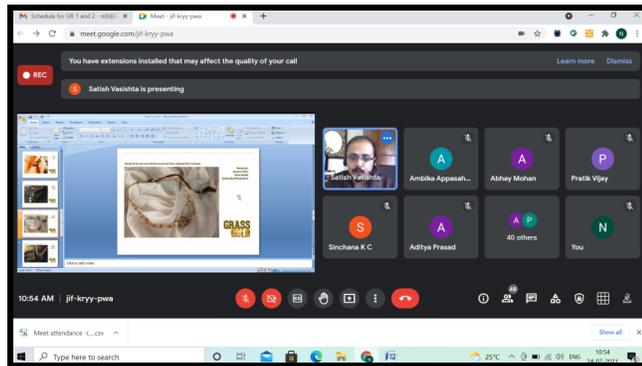

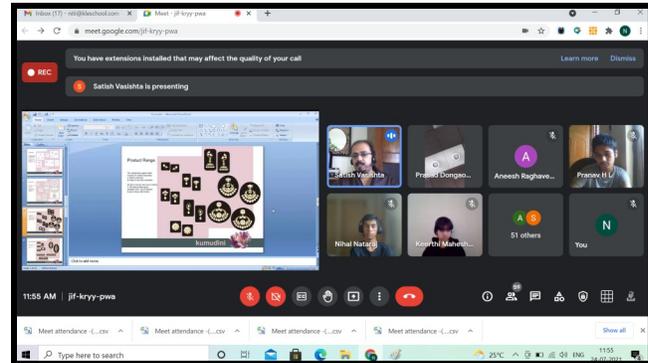

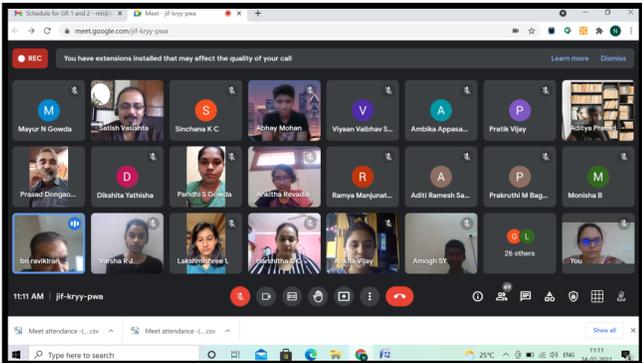

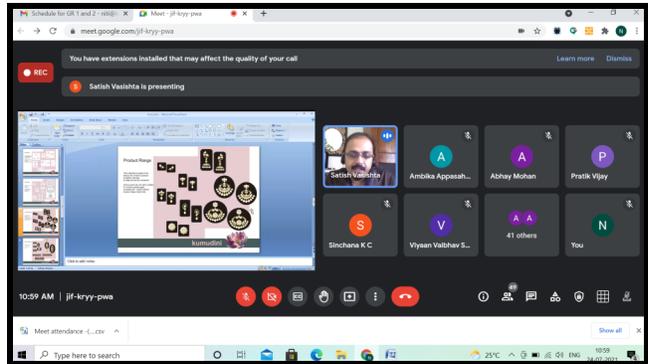

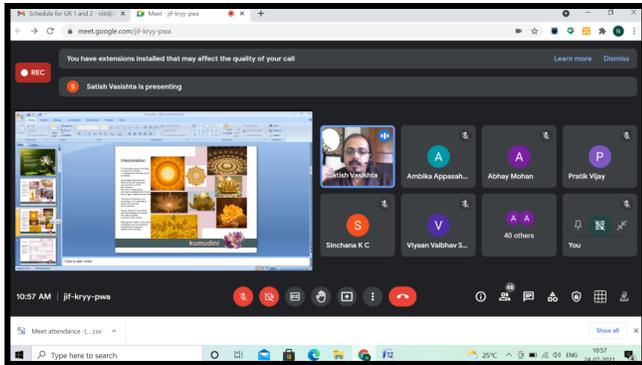

The aim of the session was to promote the idea that there is a wide range of career options nowadays and students should think about these varied options in consultation with their parents.

At last, Aaditya Acharya and Unnati M of Grade 10 rendered the vote of thanks.

# STUDENTS ACHIEVEMENT

## ACHIEVEMENT

Most things in life are pretty simple, but they are usually not easy. It demands hard work.

Student achievement measures the amount of Curricular and co-curricular content a student learns in a determined amount of time. It refers to the extent to which a student has attained their short or long term goal. A student who is self-motivated always energizes and directs his behaviour towards achieving success. The more a student achieves, he/she can build confidence and increase his/her self-esteem and surely improve in their own areas of learning.

Anika Raghavendra Hungund of Grade 2 participated in Mental Aptitude Olympiad and secured the 11th International rank in the same.

HEARTY CONGRATULATIONS..!

Here are some of the certificates of the student achievers of our school from various grades who have shown a splendid performance in their own areas of learning.

## 'Secret' Sorcerer

The Moon says ----  
Far away in the sky,  
I see people walking by;  
I shine when the sky darkens,  
But the cloud, that keeps me under wrap,  
Murks me away in infinite laps.

The clouds, move away at zero hours,  
For the folks to watch me hours;  
With the beasts howling,  
And the spirits moving.  
Nyctophobic.

Nyctophobic:  
Attraction towards  
night or darkness

I shine, all alone in the dark  
with confidence;  
To the minds that confide.  
Knowing that no one can feel me,  
unless they've been there.  
Alexthmic.

Alexthmic:  
Inability to describe  
emotions experienced  
by one's self.

Though I have dark spots,  
It insecure the hearts, that rots.  
Monophobic.  
And there I guess, you know,  
I am a 'secret' sorcerer, for a lot.

Monophobic:  
Feeling/Fear of  
being alone.

## "GOOD THINGS TAKE TIME"

EVERYONE WANTS TO BE SUCCESSFUL IN LIFE , EVERYONE WANTS TO BE UNIQUE, EVERYONE WANTS TO WIN, AND BE AT THE TOP VERY FAST ISN'T IT? BUT DO WE KNOW THAT IT ALL TAKES TIME??

AS STUDENTS WE ALL WANT TO BE THE BEST IN STUDIES AND SPORTS BUT DO WE KNOW WHAT SHOULD WE DO FOR THAT???

THE ANSWER IS VERY SIMPLE - PRACTICE AND WORK HARD!

AND THAT'S ABSOLUTELY TRUE BUT I FEEL MORE THAN THAT WE SHOULD EVEN LEARN HOW TO WAIT FOR OUR RESULTS.(PATIENCE)

BEING IN THIS COMPETITIVE WORLD IS NOT THAT EASY BUT IT CAN BE EASY IF WE ALL UNDERSTAND HOW TO WAIT FOR OUR RESULTS...

SOMETIMES WE DON'T FOLLOW IT AND JUST STOP WORKING ON OUR GOAL OR A PARTICULAR TASK THINKING ABOUT THE RESULTS.. AND THAT LEADS TO FAILURE...AND THEN WE REALISE THIS LATER AND REGRET IT..

SO JUST REMEMBER THIS POINT WHENEVER YOU ARE IN YOUR WORK MODE...

IT'S LIKE HOW MUCH FAST YOU LEARN IT OR UNDERSTAND IT, THAT MUCH FAST IT'S GOING TO BE GOOD FOR YOU IN YOUR LIFE AND WORK...

SO FRIENDS THIS IS THE PERFECT AND A RIGHT TIME TO UNDERSTAND IT AND FOLLOW IT IN OUR LIFE... SO JUST

BE PATIENT AND START FOLLOWING YOUR GOAL AND PASSION!!!!!!!!!!!!

**-LABDHI SOLANKI, 9D**

## VAMPIRES

You all must have heard of the word Vampire. Do you even think these creatures exist? First of all what are vampires?

A vampire is a creature that preys upon humans, generally by consuming their blood. Vampires have been featured in folklore and fiction of various cultures for hundreds of years, predominantly in Europe, although belief in them has waned in modern times. Vampires, real or not real, have been around for hundreds of years and have been gaining more popularity throughout recent years in their various forms. The vampire lore has grown immensely from their mythological beginnings to something that people believe might exist in today's world. There are almost as many different characteristics of vampires as there are vampire legends. But the main characteristic of vampires is they drink human blood. Vampires can also turn human beings into vampires. Although modern science has silenced the vampire fears of the past, people who call themselves vampires do exist. They are normal seeming people who drink blood in order to stay healthy. The supernatural forces that sustain vampires also endow them with superhuman physical abilities as well as powers of mind control. Their physical abilities such as strength, speed, agility, durability, healing and senses all grow stronger with age and experience. While all vampires need to consume blood, some depictions of vampires reject the idea of hurting or killing humans, so they turn to the blood of animals. In modern times, the vampire is generally held to be a fictitious entity, although belief in similar vampirism creatures still persists in some cultures. It is sure that vampires are just fictional but still it is really interesting to know more about them.

## Did you know?

- India has the maximum women pilots in the world.
- There is a resort in Japan located on mountain peak from where you can see the sea of clouds floating below you.

- 2520 is the smallest number that can be exactly divided by all the numbers from 1 to 10 and it was discovered by Indian mathematician S.Ramanujan.
- Japanese passport is the world's most powerful passport. It grants visa-free access to 190 countries out of 195 countries.
- The largest cave in the world is in Vietnam and is so big that it has its own river, jungle and climate.

- The sunset under the clouds looks like the sky is on fire.

## A short note to my teachers

Teacher, you guide our future. You believe in us and keep the faith in us which strengthens and ignites our inner potential. This is what helps us pursue our dreams and become successful in our lives. Without you, we could have never reached here. You inspire us greatly and all your extra efforts have helped us grow. So, I hope that you will keep supporting us as always. Thank you for everything that you have done for us, it means a lot to us and to our lives.

Thank you once again.

**- Kalpita Chandra, 9 B**

## I'D LIKE TO TELL MYSELF

In any situation not to stumble

To lift all pains as a dumble.

Pains make me strong

And make sure I don't go wrong.

To keep calm in every situation,

And take out frustration.

To be the owner of my imagination

Give the nation my co-operation.

To thank everyone for their help

And guide them during their mistakes.

To keep my words as melodious as a flute

Henceforth not make anyone's heart pollute

To help people; Not to be selfish

So that I have people to love me, unlike a dead fish.

To keep faith in god throughout good and bad times,

Not to blame him for losses sometimes.

To give my best without the worry of destiny

Everything isn't just about money

To spread positivity wherever I go

And make sure negativity must go!

To make memories to be cherished

I would order my courage never to get perished

To be happy with what I have got

And make my soul a pure pot

**- CHUKITHA T P, 8B**

## On a Trip

My family decided to go to a place  
After we reached, Mom saw my face!  
I was filled with joy and loved the nature,  
I kept my bags, took a camera and clicked major!

Let's go on trips!  
Let me give you tips.  
Shop stuff for a while,  
definitely have a unique style!

Let's go play in the pool,  
Don't miss and be a fool!  
Let's climb the foggy mountain!  
Let's enjoy the water fountain!

Let's have some food!  
The food made me feel good.  
We visited a beautiful place,  
Couldn't find a parking space.

I played adventurous games!  
My family appreciated me.  
I received a certificate,  
My brother started to irritate!

We enjoyed a lot,  
We booked a departure slot.  
The day we left was filled with memories,  
I will remember this trip till centuries!

## ENDANGERED SPECIES

We are the species not on the earth  
The species which can't take rebirth

Don't kill the animals

They are not criminals

Animals are sad

Humans understand

Please save those animals  
Should be shown to the future

Nature is now crying

Because animals are dying

Animals are sad

Humans understand

-Varshith R,9B

# Student Corner

## Wisteria

I am a little Wisteria flower  
My petals so extremely small  
I've clung to the tree trunks for many an hour  
Enjoying a breeze most of all

I'm a native of China  
And really long  
My fragrance too nice  
My nectar too sweet

But, oh, what happened to my peers  
Just yesterday, it moved me to tears  
While some cruel mountaineers were making their way  
My comrades were trampled and cut to death away

Those cruel humans didn't even care  
'Coz they just wanted to make their way  
When my brothers were ravaged  
It was noticed sadly by none

Today, however I had a reason to smile  
A nature lover, or so she must be  
Looked at this little purplish flower a while  
Came near and took a picture of me

Even if tomorrow to the worst of my fears  
I have to die, as yesterday like my brothers  
I will do so happily  
Since someone has seen the beauty in me.

**-Tanvi Sudhakar Belimallur, 10 D**

## MY SCHOOL

I like my school.

It has a big swimming pool.

All students follow the rules.

We play in the ground.

Our canteen vadas are round.

Our teachers make us read.

And nurture us like a seed.

I like my school.

We friends are cool.

- Prapti M.P, 7A

## ಪದ್ಯ-ಸೂರ್ಯ

ಚಂದ್ರ ಬಾನಿನಿಂದ  
ಜಾರಿದನು ಸೂರ್ಯ ಬಾನಲಿ  
ಮೂಡಿದನು  
ಲೋಕಕ್ಕೆ ಬೆಳಕನು ನೀಡಿದನು.

ಹಕ್ಕಿಗಳು ಚಿಲಿಪಿಲಿಯುಲಿಯುತ  
ಹಾರಿದವು ಮಕ್ಕಳು ನಲಿಯುತ  
ಆಡಿದರು.

ಹೊತ್ತು ಕಳೆದಂತೆ ಸೂರ್ಯ  
ನೆತ್ತಿಯ ಮೇಲೇರಿದನು  
ಬಿಸಿಲಿನ ತಾಪವ ತೋರಿದನು.

ಸಂಜೆಯಾದಂತೆ ರವಿಯು  
ಬಾನಿನಿಂದ ಜಾರಿದನು  
ಸಕಲ ಜೀವರಾಶಿಯು  
ಗೂಡಿಗೆ ಸೇರಿದವು.

-Ganesh L, 8B

## छोटी - सी खिड़की

अब तो हम बस छोटी-सी खिड़कियों में ही सीमित रह गए हैं ।

दोस्तों की हंसी , परीक्षा में आगे बढ़ने की रुचि,  
ईर्ष्या और अपनापन ,सब कुछ भुला बैठे हैं,  
अब तो हम बस छोटी-सी खिड़कियों में ही सीमित रह गए हैं ।

मैम का एहसास , उनकी डांट,  
शाबाशी और वाहवाही, सब कुछ भुला बैठे हैं,  
अब तो हम बस छोटी-सी खिड़कियों में ही सीमित रह गए हैं ।

माता पिता की रोक टोक, समय की पाबंदी ,  
घूमना और फिरना, सब कुछ भुला बैठे हैं,  
अब तो हम बस छोटी-सी खिड़कियों में ही सीमित रह गए हैं ।

है विश्वास हमें ईश्वर पर, हार नहीं मानेंगे हम  
संयम रखकर, सावधान होकर, फिर से सब कुछ पाएंगे हम ।  
इंतजार है हमें उस दिन का,  
जब फिर से सबको गले लगाएंगे,  
पाठशाला में शिक्षा का आनंद ले पाएंगे हम  
नए सपने और उमंग से फिर से नई उड़ान भरेंगे हम ।

- Veena Jaysheel Diggi, Hindi Teacher

## ಮುದ್ದು ಮಕ್ಕಳು

ಮಕ್ಕಳ ಮುದ್ದು ಮುಖವ ನೋಡಿ  
ಅರಳತು ನನ್ನೇ ಮನ  
ಕಲ್ಮಶವಿಲ್ಲದ ಮುದ್ದು ಮಕ್ಕಳನ್ನು  
ಪಡೆದ ನಾನೇ ಧನ್ಯ  
ಅವರೊಂದಿಗೆ ಸಮಯ ಕಳೆಯಲು  
ಕಳುಹಿಸಿದ ಆ ದೇವರಿಗೆ  
ಇದೋ ನನ್ನ ನಮನ.  
ಮಕ್ಕಳ ಮುಂದೆ ನಿಂತರೆ,  
ಜೀವನವಾಗುವುದು ಪಾವನ.  
ಮಕ್ಕಳಲ್ಲದ ಈ ಬದುಕು  
ಬರಿ..... ಶೂನ್ಯ... ಶೂನ್ಯ... ಶೂನ್ಯ  
-ದೀಪಾ.ಕೆ.ವಿ, ಕನ್ನಡ ಶಿಕ್ಷಕಿ
